## Brainboxes USB2Serial Installation Guide

Brainboxes Limited, 18 Hurricane Drive, Liverpool International Business Park, Speke, Liverpool, L24 8RL, UK Tel: +44 (0)151 220 2500 Fax: +44 (0)151 252 0446 Web: www.brainboxes.com Email: sales@brainboxes.com

## PLEASE READ CAREFULLY

The Setup.exe program will install all the driver files required to guarantee a smooth and straightforward installation

Please ensure all Brainboxes devices are disconnected before starting the installation program.

If any previous Brainboxes Boost.Software drivers are found, you will be notified on what action to take.

Follow the instructions below to start the installation process.

If you have any issues with installation, please follow the steps in Section 4: Uninstallation, then attempt to install again. If you still have issues, see Section 6: Troubleshooting and Testing

## Windows XP, Vista and Windows 7 Installation

With the laptop turned on, insert the CD

If the CD does not autorun, Go to Start  $\rightarrow$  My Computer  $\rightarrow$  Right Click the CD and select Explore. This will open the CD in Windows Explorer for browsing the contents of the CD.

Locate the "Setup.exe" program on the CD and double click to launch.

Ensure all US Card devices are REMOVED before proceeding. Otherwise installation may not complete successfully.

Click Next
