

Brainboxes End of Life Notification

Brainboxes design and manufacture all of our products in-house which allows us to offer a lifetime warranty on our products and give long-term supply and support. The serviceable lifetime of a product is the period in which components are available. We are often able to source certain key components beyond their official Manufacturer's obsolescence date and extend the lifetime of our products.

Brainboxes have supplied Multiport Serial cards over several decades and they are used and relied upon across many industry sectors.

To give clarity to customers, we are announcing a phased End Of Life (EOL) of certain Brainboxes Multiport Serial Cards sold through Brainboxes and Distribution Channels. Details for each EOL product line affected are included in the attached table.

These products are **not recommended for new designs**, please work with your Brainboxes Account Manager and Distribution Partner to ensure your future requirements are met and transition to alternative solutions where possible. Where a transition is not possible, please notify your Brainboxes Account Manager to arrange a last-time-buy purchase. To ensure your last-time purchase orders are fulfilled on time, present your final product demand in the form of a non-cancellable, non-returnable (NCNR) purchase order as soon as possible and no later than the "Final Purchase Order Date" listed in the EOL Information Table. Supply of EOL products is usually limited. Fulfilment of final purchase orders is subject to product availability and will be prioritized according to the date when orders are placed.

If you have any concerns regarding these product phaseouts and transitions, please contact your Brainboxes Account Manager as soon as possible. Thank you for your interest in Brainboxes products.

The full list of affected products is shown in the table on the next page.

Yours faithfully,

Stephen Greer
Sales Director, Brainboxes

Type	Part Number	Description	End of life notice	Final Purchase Order Date	Final Shipment Date
