

Brainboxes WEEE Statement

WEEE (Waste Electrical and Electronic Equipment) Directive 2012/19/EU (Formerly 2002/96/EC)

The WEEE Regulations came into force on 1st July 2007, along with the introduction of the producer's obligations. The purpose of these regulations is to encourage the disposal of Waste Electrical & Electronic Equipment (WEEE) in an environmentally friendly way.

Customer Responsibilities

You are encouraged to dispose of WEEE in an environmentally friendly way.

This can be done through your local civic amenities site, an approved treatment facility or alternatively through a relevant compliance scheme.

Brainboxes' Responsibilities

Brainboxes has a legal responsibility, as producer, to provide a free of charge collection service to our customers for our obligated WEEE.

Brainboxes is defined as a producer under the WEEE Regulations because we sell own brand Electrical & Electronic Equipment (EEE) in the UK. Our WEEE Producer Registration Number is WEE/AH0004XR.

Sincerely

Luke Walsh 4th January 2025
