

GPSR Compliance Statement

Applicability of the General Product Safety Regulation (GPSR)

Brainboxes Limited manufactures industrial connectivity solutions exclusively for professional, industrial, and commercial applications. Our products are designed, marketed, and sold solely for use by businesses and professional users in industrial environments.

Professional Use Designation

All Brainboxes products are intended for integration into industrial systems, automation environments, and professional infrastructure applications. They are not designed or marketed for consumer use.

Under the EU General Product Safety Regulation (GPSR), which came into force on 13 December 2024, products that are exclusively intended for professional use and are not reasonably foreseeable to be used by consumers fall outside the scope of consumer product safety requirements.

Regulatory Compliance

Brainboxes products comply with applicable EU harmonised legislation specific to industrial and professional equipment, including:

- Low Voltage Directive (LVD)
- Electromagnetic Compatibility (EMC) Directive
- Restriction of Hazardous Substances (RoHS) Directive
- Other relevant sector-specific regulations
