

Brainboxes
Trusted Connectivity

**Confidence
Built into
Every
Connection**

Reliable, simple and secure industrial connectivity

Trusted industrial network switches, Ethernet to serial adapters, and best-in-class IO modules that keep data flowing exactly where it's needed.

Get started at [Brainboxes.com](https://www.brainboxes.com)

Industrial Network Switches

available across a range of form-factors & networking technologies to suit every application

[Embedded](#) | [Light Industrial](#)
[Industrial](#) | [Hardened](#)

- ✓ 10/100 & Gigabit Ethernet
- ✓ PoE
- ✓ SFP
- ✓ From 4 to 16 ports

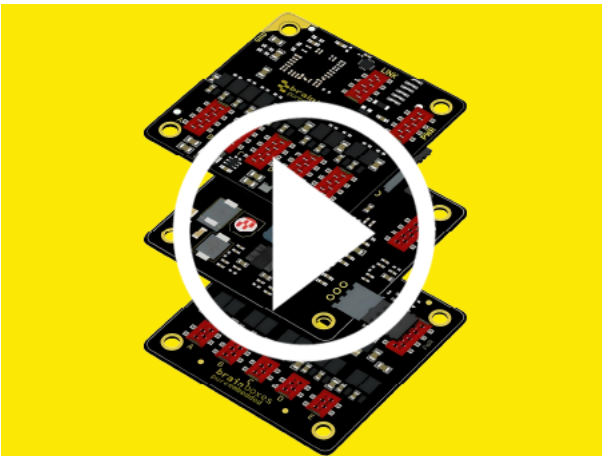

Discover Embedded Solutions

Brainboxex' compact enclosures are quick & easy to install - but not every system follows a standard template.

Our extensive embedded range delivers the same trusted performance, integrating industrial network connectivity straight into your design.

Pure Embedded: [pure compatibility](#), [pure stability](#), [pure design](#)

Smaller than a business card at just 55 x 55 mm

Our newest & most compact switches, designed for ultra space-constrained environments where every millimetre & gram counts.

Confidence Built into Every Connection

Smart IO Modules

designed for all monitoring, control & automation applications across industry

Industrial Edge Controller: [edge processing with Raspberry Pi](#)

Bring open-source flexibility to the factory floor with [Brainboxes BB-400](#).

Connect to virtually any equipment via Ethernet, serial, digital IO - process data at the edge, send it to the cloud, and customise in your preferred language.

AI Vibe Code full industrial control in under 15 minutes with Brainboxes' AI-ready [documentation](#) & the BB-400

Remote IO [Analog](#) | [Digital](#) | [Temperature](#)

- ✓ Instantly network real-world sensors & devices
- ✓ No specialist software - access from anywhere
- ✓ Modbus TCP, ASCII, APIs for C#, Python & more

Ethernet to Serial

[send serial data over the network](#)

USB to Serial

[proven performance where others fail](#)

Q3

Roadmap [new products coming soon](#)

- ✓ Light Industrial 16 port network switches
- ✓ SFP modules
- ✓ Rackmount range
- ✓ Managed network switches

Q4

Confidence Built into Every Connection

Brainboxes

Trusted Connectivity

At Brainboxes, *Trusted Connectivity* lasts a lifetime, and so does our support. All of our products come with free & simple *Built for Life Warranty*: *no limits, no fees, no hidden catches*, just total peace of mind, for life.
